|           |              |              |             |                  |                   |
|           |              |              |             |                  |                   |

Digital: Not all screens are calibrated the same, and therefore, colors will appear differently between screens.

Physical: When texture is involved, there will be variations in color, character and tone within a product series and between product families.
