Sunrise - Print - SRP

Sunset - Print - SSP

Twilight - Print - TWP

Twilight - TWT

Digital: Not all screens are calibrated the same, and therefore, colors will appear differently between screens.

Physical: When texture is involved, there will be variations in color, character, and tone within a product series and between product families.

Brass, nickel, and copper are natural minerals and can potentially change color and show marks over time. We cannot guarantee the color appearance as the material transforms.
