Digital: Not all screens are calibrated the same, and therefore, colors will appear differently between devices.

Physical: When texture is involved, there will be variations in color, character and tone within a product series and between product families.

Available for use in the Mechanical and Building Products divisions of the existing product line. In a constant effort to improve our products, we may change specifications, a highly technical effect and no luminaire being identical. The color of the powder coating production process may vary slightly. The color of the powder coating production process may vary slightly.
