Jenna Basso Pietrobon

Enhance your residential project with original artwork by Canadian-Italian artist Jenna Basso Pietrobon. Her versatile portfolio includes paintings, sculptures, photography, and ceramic lamps, all crafted with a commitment to sustainability. Collaborating with local artisans, she repurposes discarded materials like ceramics, textiles, glass, stone, metal, and leather. With a Master's in Fine Art from Columbia University, she channels her passion into creating meaningful art, supporting various causes globally.

'Break The Mold'

Explore Basso Pietrobon's "Break the Mold" collection, a series of lamps that defy convention, embracing charm in imperfection. The collection was crafted with old plaster molds that were manipulated and collaged together that results in distinctive works of art.

Mission / Fondamenta

Proceeds from the "Break the Mold" collection support The Fondamenta, revitalizing Nove, Italy's ceramic heritage. Founded by Jenna Basso Pietrobon, it fosters community and preserves artisanal expertise.
